Declaration of conformity with the RoHS directive (2011/65/EU, Annex IV 2014/16/EU and Annex II 2015/863/EU)

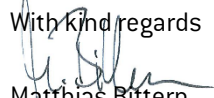

Dear Madam or Sir,

as a manufacturer of electrical heating elements and accessories and system parts for moulds we are a downstream user (manufacturer of products) according to the REACH regulation. According to the information of our suppliers, the materials we use do not contain substances of the SVHC candidate list (ECHA 211 substances) or the maximum permissible limits are observed, respectively. We agreed with our suppliers that they provide us only with REACH- and RoHS conformant products. If the products fail to conform with the regulations and directives, the suppliers are obliged to inform us immediately.

Whenever we are aware that our products are subject to the obligation to notify, we will inform you by our own accord.

We confirm that the production of our standard products conforms with the RoHS directive and its further applicable requirements.

With kind regards
