Declaration of Conformity to the REACH Regulation (EC 1907/2006), SVHC Candidate List dated 23.01.2024, Annex XVII.

Declaration of Conformity to the RoHS Directive (2011/65/EU, Annex IV 2014/16/EU, and Annex II 2015/863/EU).

Declaration of Conformity to the POP Regulation (2019/1021/EU), Annex I and III.

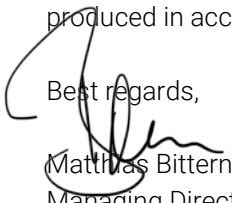

Dear Sir or Madam,

As a manufacturer of electric heating elements and accessories, as well as system components for mold construction, we are considered a downstream user according to the REACH Regulation (Producer of Articles). According to information provided by our suppliers, the materials we use do not contain substances from the SVHC Candidate List (ECHA 211 substances), or they comply with the maximum permissible limits. We have agreements with our suppliers that only REACH and RoHS compliant products will be delivered to us. In case of non-compliance, our suppliers are obligated to promptly inform us.

Once we determine that our products are subject to reporting obligations according to Article 33, we will inform you without delay.

We confirm that our standard products comply with the RoHS Directive and are produced in accordance with its applicable requirements.

Best regards,

Matthias Bittern
Managing Director
